

Leventhorpe

a business and enterprise academy

17 September 2020

Dear Parent/Carer,

Please can I remind you that if your child needs to take any medication during the school day, this must be dropped off to Student Services, clearly marked with their name/form and dosage. Medication must be in the original packaging.

Students are not allowed to carry medication around school with them, this includes paracetamol/ibuprofen. Asthma pumps and epipens are an exception to this rule.

If you require any further clarification on this, please do not hesitate to contact me.

Your faithfully,

Mrs N Burrell
Lower School Pastoral Assistant/Medical
